PROFESSIONAL SUMMARY

Dedicated and enthusiastic Computer Science student with practical experience in software and web development, database management, and mobile application development. Proficient in Java, PHP, React Native, Firebase, MySQL, HTML, CSS, and JavaScript. Strong problem-solving abilities with a passion for developing efficient and user-friendly digital solutions. Eager to learn modern technologies and contribute effectively in a professional software development environment.

EDUCATION

Riphah International University, Rawalpindi, Pakistan
Bachelor of Science in Computer Science
Expected Graduation: 2026

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL, JavaScript, PHP
Web & Mobile Development: HTML5, CSS3, React Native
Databases: MySQL, Firebase
Tools & Platforms: VS Code, XAMPP
Concepts: OOP, SDLC, Database Design
Cloud & DevOps: AWS Fundamentals, Kubernetes, Linux Commands

PROJECTS

School Management System | PHP & MySQL

- Developed a role-based School Management System using PHP and MySQL.
- Implemented modules for Admin, Teacher, Student, and Registration Office.
- Designed database connectivity and managed student records efficiently.
- Improved system functionality with organized navigation and responsive interfaces.

Empath AI – AI-Based Web Application

- Developed an AI-powered support system for Internally Displaced Persons (IDPs) in Pakistan.
- Designed the platform to provide accessible guidance and support resources.
- Worked on frontend and system functionality for user interaction.

Riphah Portal | React Native & Firebase

- Built a mobile application using React Native and Firebase.
- Implemented authentication and real-time database functionalities.
- Designed user-friendly mobile interfaces for smooth navigation.

CERTIFICATIONS & COURSES

- AWS Cloud Computing – Udemy
- Basics of Linux Commands – Udemy
- Kubernetes Full Course
- Introduction to Cybersecurity – Cisco Networking Academy
- Agile Development Course – Coursera
